

TIME Module.

Purpose of the Module is to understand that: **Time is serious.**

We must get serious about our passions, goals, dreams, Environment, and life, while there is still time.

Time waits for no one; We see that those who approach time with a seriousness of purpose are the ones that achieve great results.

A participant going through the time module comes through with a well-rounded understanding of times constant flow.

Discover the principles of Goal Setting – Distilling large tasks into smaller achievable targets.

Strategic time frames with motivated milestones you set and control, all based on personal circumstances.
